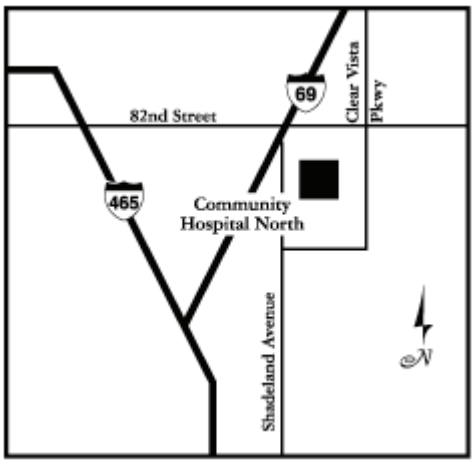
Instructions for Semen Analysis:

1. **You *must* have an appointment scheduled for a semen analysis. Specimens can be collected at home or at our office facilities. Please call (317) 621-2414 to make an appointment. Appointments are available Monday-Friday from 7- 3:30.**

2. **If you are collecting at home:**
   - **The sample must be collected into a *sterile urine container* or using a *special condom collection kit*. Condom kits are available for pick-up at our office. DO NOT use a regular condom for collection.**

   - **The sample must be dropped off within 120 minutes of collection. All samples MUST be labeled with patient name and date of birth. Samples that are not labeled will not be analyzed.**

3. **Please allow 2-5 days of abstinence prior to sample collection for optimal results.**

4. **You must bring the Physician's order (prescription), insurance card (if applicable), and a photo ID. Samples without an order may be refused.**


5. **Questions may be directed to Jeffrey Boldt, PhD Scientific Director at (317) 621-2414.**
