

MyChart Personal Patient Notes – Patient Facing

Personal Notes is a new feature that allows you to take your own secure notes regarding your healthcare right where you need them most.

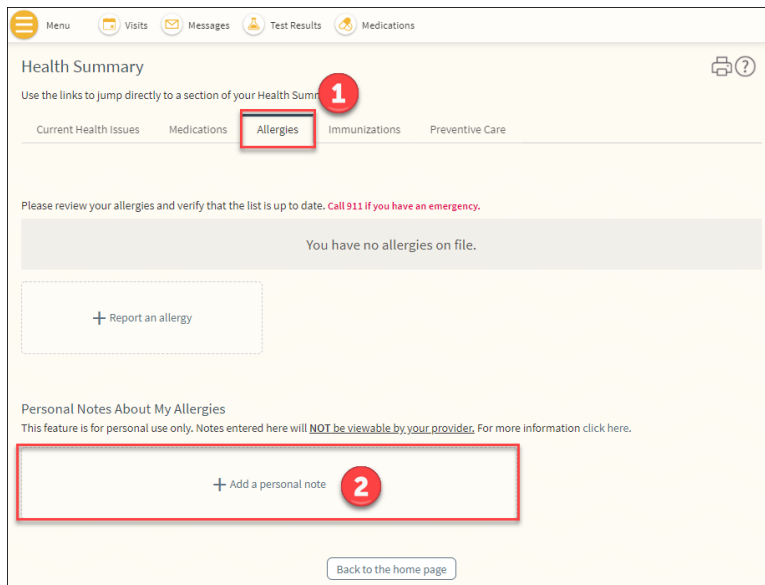

This feature can be found on the following pages:

- Allergies
- Medications
- Problems
- Immunizations
- Preventative Care
- Medical History
- Social History
- Surgical History
- Family History
- Family Status

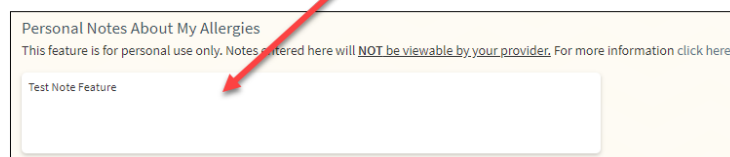

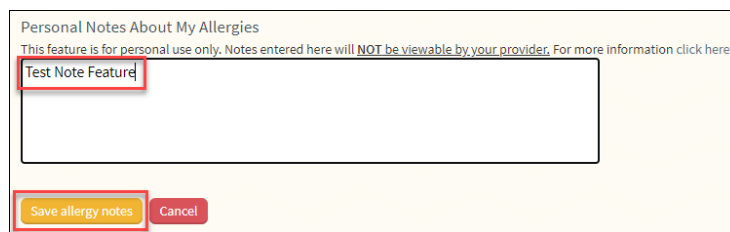

Please consider that Personal Notes is a feature designed to for you to have a secure place to keep notes regarding your healthcare and is NOT a means of communicating with your Provider. Personal notes can only be viewed and edited by you and are not part of your permanent medical record.

Try It Out
