

Prescription fills, quick and easy

Walgreens removes barriers in the prescription process by making it easier for your members to start—and stay—on their medication therapy. Prescription pickup and delivery is our innovative, digital-first service that enables members to quickly order prescriptions and prepay. Members can then pick up their prescriptions in store, get them via the drive-thru or have them delivered directly to their home.

Description

Convenience eases the way to medication adherence.

Streamlined prescription ordering process

- Order prescriptions easily on a mobile device via text message, on the Walgreens App or on Walgreens.com
- Receive text alerts when a prescription is ready
- See prescription prices upfront with cost transparency
- Pay ahead to streamline the checkout process
- Select express pickup or reliable, direct-to-home delivery

Safe, convenient experience

Prescription Pickup and Delivery

- Speed prescription pickup by using the designated in-store express lane or pick up at the drive-thru
- Get same-day or one- to two-day home delivery on prescriptions from one of our more than 9,000 stores nationwide

Pickup

- Order front-of-store items online and pick them up in as little as 30 minutes curbside, at the drive-thru or in store
- Increase convenience and safety with our low-touch pickup experience
- Pick up front-of-store orders and prescriptions at the pharmacy for added ease

Want to increase member satisfaction?

Offer free same-day or one- to two-day delivery

By subsidizing prescription delivery, you can provide your members with added convenience and a safe experience.

Features

The prescription pickup and delivery member experience

Safe, convenient member prescription fills are as easy as one, two, three.

Step one: Get notified

Members can receive a text message or push alert or simply select the option on our mobile app or Walgreens.com to be notified when a prescription is ready.

Step two: Verify details and identity

After viewing prescription details, your members verify their identity by entering date of birth.

Step three: Select prescription and choose pickup or delivery

Members select eligible prescriptions and review costs. They choose their pharmacy pickup location or verify their home address for same-day or one- to two-day delivery and then submit payment.

Life made easier

Getting prescriptions and everyday items has never been easier and more convenient for your members.
